BAL KALYAN SANGH

Director's Desk

Dear Friends of BKS,

Welcome to the Annual Report for the year 2020-21. In the year 2019, our country faced the grim reality of COVID 19 pandemic and with the rapid spread of the disease, death rates climbed slowly and the nation was caught up in a frenzy of catering to those needing urgent care. BKS rose to the occasion and mounted one of the largest relief programmes in Ranchi and other districts of Jharkhand. Writing this note in 2020, at a time when the whole world is in grip of a pandemic, is a reminder of the unpredictability of life; how even the best-laid out plans don't work. More importantly, it highlights that even in the toughest times our values, purpose, resilience and standing with the people can be the compass to navigate whatever the future brings.

For more than three decades, BKS has provided development assistance to the children, women and families of Jharkhand. We provide assistance in the areas of Child Protection, Education, Skill/ Livelihood Training and Placements, Women Empowerment, Health and Sanitation, Agriculture, Research & Advocacy, Awareness, Workshop and Training and Humanitarian Aid among others. We have worked to ensure that children & women are protected and given proper care & rehabilitation. This year's Annual Report also highlights one of the most intractable challenges to our work—Combating COVID-19 through Humanitarian Aid.

We have accomplished all this with a dedicated team working day and night to bring solutions to the problems, a large army of passionate, committed volunteers, contributors and people who have supported us with material, time, efforts, dedication, networks and hard work. The conviction to stick with each other has made this journey beautiful. Our story is the story of people of India. Going forward in the face of new issues, challenges our path will also evolve and emerge around people and will bring new hopes for a better future where we will be better equipped to deal with the new world problems. Furthermore, we

hope this report will convey the color and vibrancy of the communities we serve, as well as the people of Jharkhand: the mothers, the children and the community.

We also thank our individual, corporate and institutional partners, who have unflinchingly supported our work throughout the year, which has brought us closer to achieving our goal of working with more than 50 lakhs of people by 2020. Our partnership with TDH, The Embassy of the Kingdom of the Netherlands, The Asia Foundation, Child Protection apex bodies of India and Government of Jharkhand to combat trafficking, child labour and child marriage for some of the poorest communities. During the year, we worked closely with national and state governments to implement our programmes, and provided inputs in their policy making process. Without their support and guidance, we would not have been able to reach more than lakhs of people in India to make positive changes in their lives and livelihoods.

And finally, I would like to thank all members of the BKS family, and all our partners, donors, peer organizations, and other stakeholders who continue to support and believe in our work. I am grateful to you all for being with us all along and hope you will continue to do so. Stay safe and protected till we meet again next year.

Best wishes,

(Dr. Sanjay Kumar Mishra)

ABOUT THE ORGANIZATION

Bal Kalyan Sangh (BKS) in the past three decades emerged as a creative and collective response to the needs of the people so as to passionately advocate for the rights of the deprived and the most vulnerable sections of the society, be it children, women, or the homeless community. Initially, BKS was established as Bhartiya Kisan Sangh in 1978 as a farmer's movement and the objective was to educate, and empower the underprivileged community of Eastern India to achieve self-sufficiency. Gradually, while working towards this, the organization had studied the migration pattern and the related vulnerabilities that women and children face in their operational villages. Since then the organization initiated a holistic programme to address the vulnerabilities of women and children. The organization is engaged in addressing multiple vulnerabilities being faced by children, women and marginalized communities in Jharkhand. The mainstay of our work is child protection and extending support services to trafficked girls.

BKS is basically a non-government organization; working in a right based approach. People at the organization strongly believe and promote networks and alliances for advocacy of the rights of children and women. The organization has relentlessly and efficiently worked to ensure that children & women are protected and given proper care & rehabilitation. The organization has been proactive in facilitating community based organizations and strengthening them to collectively demand for their basic rights. We believe that our interventions shall lead to a society which is based on principles of non-discriminatory access and control on resources and equal opportunity to all.

VISION

Improved socio-economic status of vulnerable communities, particularly women and children by promoting human rights.

MISSION

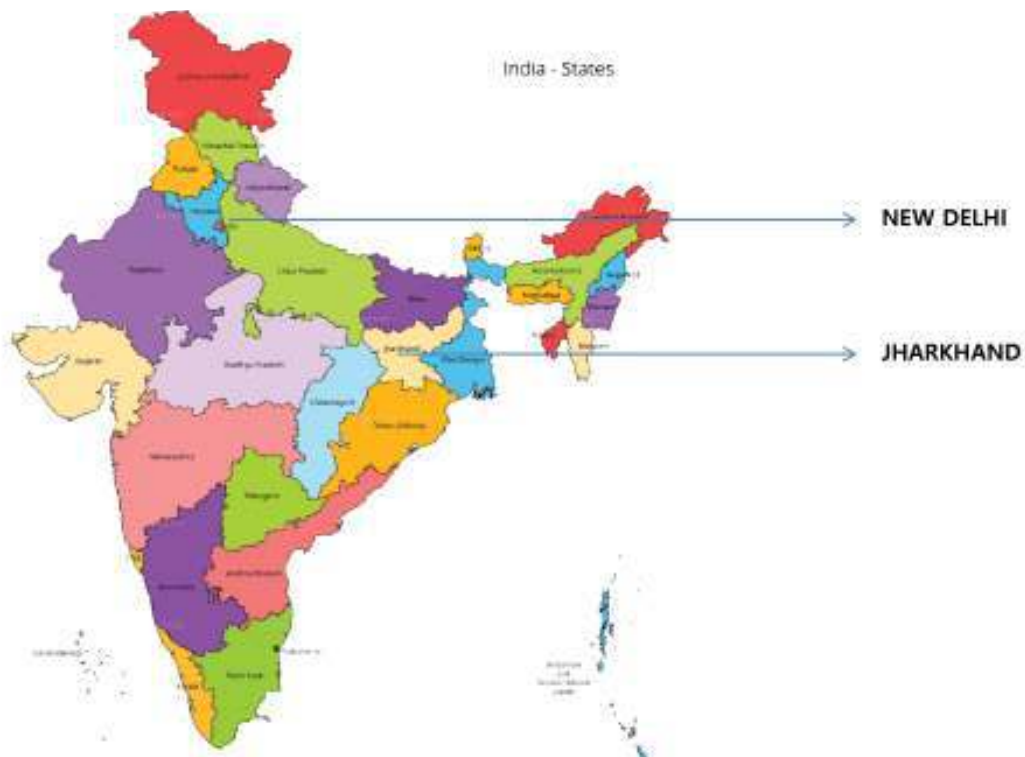

To create an environment in our society where women and children can have their participation in development processes & can enjoy their rights, standing neck to neck with modern approaches, technologies & economies.

MANDATE

- Building an environment where people, especially women and children can gain access to health and education.
- Support in creating an environment where women can gain access to skill training opportunities and can realize their full potential.
- Develop women and children for their rights and respect in the society.
- Develop a trusted bridge between dreams and aspirations of individual who cares nation and its realization.
- Develop potential of women to judge right or wrong and fight trafficking and their harassment.
- Nurture children so as to develop our future human resource as the strongest one in terms of health and education.
- To build a professional environment which will be secular, transparent, credible & accountable for all even & odds in society.

Activities

Humanitarian Aid

The organization's interdependence and the frailty of our work, recognizes how a single calamity—a famine, a disease, a war—can have devastating impacts on people and the long-term development of their communities. One of the most intractable challenges to our work was combating COVID-19 through Humanitarian Aid. This financial year brought about major devastations all across the world due to the COVID-19 pandemic. The COVID-19 pandemic has now risen to a global health crisis across the globe. Jharkhand, whose 39.1% of the population lies below the poverty line and 19.6% of children under the age of five years of age are malnourished, indicates that human development of the State is low. As per the report of NITI AAYOG SDGs Baseline Report- 2018 "Jharkhand is at the bottom in terms of Ending Poverty and Zero hunger". Other than this, migration of people too is a huge challenge has to be addressed with other issues. The first wave of Covid-19 hit Jharkhand in 2020, as a result, the lockdown led to loss of jobs, no income in households, increase in poverty, malnourishment, increased exploitation against children and many other atrocities.

Bal Kalyan Sangh (BKS) as a civil society organization dealing with communities, children, illegal migration, trafficking, child protection and marginalized populations since the past three decades stood by the people of Jharkhand throughout the first wave. The goal was to mitigate the Covid-19 virus and the pandemic by ensuring basic amenities, food, medication, safe hygiene practices and awareness for children, women & families. The organization provided Humanitarian Aid to reach out to the various people by distributing cooked meals, rations and hygiene kits to the under-privileged, needy, poor and minority people etc. In addition, it also created awareness on safe practices.

During the first wave of Covid-19 in 2020, BKS came forward to provide various services to the people of the state of Jharkhand. Humanitarian Aid was provided during the pandemic because people living in and around our areas of work were going through a very difficult time. It was really pathetic to see the harsh situation of children, women and families coping during this crucial situation. People were not able to make ends meet and the families weren't able to afford even one meal for the

day. Keeping in mind the deteriorating condition of Jharkhand, BKS has come forward to reach out to the needy and the poor.

BKS reached 6333 people by providing them cooked food, 6739 people by providing them health & hygiene kit and awareness about keeping themselves clean and safe along with 1089 people with grocery kits. It has targeted its project areas of Ranchi, Koderma, Dhanbad, Chaibasa, Dumka and Pakur. Total number of beneficiaries supported till now through cooked food, health services, hygiene kit and grocery kit is 14161 beneficiaries, of which 6763 at Ranchi, 2091 at Koderma, 1727 at Dhanbad, 1100 at Chaibasa, 509 at Dumka and 640 at Pakur in Jharkhand.

As a result, BKS was successful in saving the lives of the marginalized, needy and the poor who would otherwise go hungry, addressing malnutrition and aiding them for health complications, communities adopting safe practices, hygienic practices and protection of children and families from COVID-19 through awareness, campaigns and drives.

IRRC AND SRC

Bal Kalyan Sangh (BKS) effectively runs an Integrated Rehabilitation -cum- Resource Centre (IRRC) in New Delhi and a State Resource Center (SRC) in Ranchi for facilitating rescue, repatriation and rehabilitation of trafficked survivors (children, adolescent girls and women) and missing ones. This project is supported by the Jharkhand Women Development Society, Department of Women, Child and Social Security Department, Govt. of Jharkhand. The project aims to strengthen the interstate coordination mechanism for trafficked survivors, support the Government to operationalize Standard Operating Procedures for effective functioning of the State Resource Centers and ensure that comprehensive restoration protocol is followed for trafficked survivors, ensure functioning of existing Helpline number (1800-345-7055 at Ranchi & 10582 at New Delhi) for reporting of missing children, women and children in distress, serve as a Knowledge and Service Centre for children & women and generate evidence of good practices and facilitate rescue, repatriation and rehabilitation of children and women who have been trafficked or are missing or are in distress, with their families, for them to live with dignity and respect.

HIGHLIGHTED ACTIVITY

- On 19th February, 2021, 11 trafficking survivors who were rescued and brought back to Ranchi met the Hon. Smt. Joba Majhi, Minister of Social Welfare, Women and Child Development and Tourism, Jharkhand; Shri. D.K. Saxena, Special Secretary, Department of Women, Child Development and Social Security, Jharkhand. Bal Kalyan Sangh's, IRRC and SRC team met the minister and conducted a meeting where a one to one interaction was done with each of the 11 survivors. "Children who want to study will be enrolled by the government in government schools like Kasturba Gandhi Balika Vidyalaya and the others will be given training in various areas under skill development", said Hon. Smt. Joba Majhi. Shri. D. K. Saxena added, "Traffickers and employers who had lured these children from their homes and trafficked them to Delhi are to be tracked and complaints are to be filed against them."
- A consultation meeting was organized by Integrated Rehabilitation-Cum-Resource Centre, Bal Kalyan Sangh in coordination with the National Commission for Protection of Child Rights was held on the 26th of March with the Delhi State Commission for Protection of Child Rights, Child Welfare Committees and District Child Protection Officers, Delhi. The meeting was chaired by Chairperson, National Commission for Protection of Child Rights, Priyank Kanoongo to strengthen the network and partnership amongst all stakeholders for efficient coordination to work towards the best interests of children who have been rescued in Delhi. This meeting was mainly to facilitate the rescue, restoration and rehabilitation of children who have been trafficked from the state of Jharkhand and sold to various people and placement agencies in Delhi.

CHILDLINE

CHILDLINE 1098 is a service of Ministry of Women and Child Development. CHILDLINE stands for a friendly 'Didi' or a sympathetic 'Bhaiya' who is always there for vulnerable children 24 hours of the day, 365 days of the year. CHILDLINE 1098 is a phone number that spells hope for millions of children across India. It is a 24-hour a day, 365 days a year, free, emergency phone service for children in need of aid and assistance. CHILDLINE works for the protection of rights of all children aged from 0 to 18. It is an initiative for rescuing and assisting children in distress. Their special focus is on all children in need of care and protection, especially the more vulnerable sections. We not only respond to the emergency needs of children but also link them to services for their long-term care and rehabilitation. We have, till date; reached out to over three million children across the nation through such calls. They not only respond to the emergency needs of children but also link them to relevant services for their long-term care and rehabilitation. We have, till date, connected to three million children across the nation offering them care and protection.

SWAVALAMBAN

(Livelihood training of unemployed women and vulnerable adolescent girls of Jharkhand):

Swavalamban is a project of Bal Kalyan Sangh (BKS) supported by The Embassy of the Kingdom of the Netherlands which provides free of cost skill development training program to the women and girls of Jharkhand in the age group of 18-35. The present scenario of the Jharkhand shows that most of the young girls of the interior areas are trafficked or falsely lured and taken to the metropolitan cities in search of work. The economically backward families who cannot afford the living cost of their children send their children to work in the other states to earn some money and support their family but most of the time fake placement agencies sell these children specially girls to the hotels, brothels, Massage parlours etc. The project gives a opportunity to the girls who want to earn and improve their livelihood. The project is mainly focused on the girls who are survivors of trafficking or any abuse; vulnerable girls or women who migrate from Jharkhand; women and girls of tribal families with no source of regular income; the tribal youths who are in search of livelihood; the girls lured into extremism etc. The age limit for enrolling into the training programme is 18 to 35 years with the minimum qualification is matric pass with minimum reading and writing skills.

Goal: Strengthen the capacity of unemployed women, survivors or victim of trafficking or abuse and vulnerable poor girls in Jharkhand to improve their livelihoods and live with dignity and self-respect.

Status: Around 160 girls have been imparted with the training of Housekeeping and Security guards.

PROJECT ACTIVITIES

- Hamara Bachpan Hamara Adhikar programme held JRU, Namkum, Ranchi, 80 girls who had received training of Security Guards and House Keeping from Swabhiman Kendra, BKS and have been rescued from different vulnerable fronts were rewarded with certificates by the chief guest Shri Priyank Kanoongo. In the program main focus was given on child laborers who all are working in our Jharkhand. Everyone took oath to remove child labor.
- Bharat Ki Beti Bharat Ki laxmi program was held at Swabhiman Kendra, Bijupara on-Inauguration of computer centre and beautician training centre was done by Smt. Karanpreet Kaur, Guest of Honour.
- Oath Taking Ceremony - Certificate cum Oath taking ceremony of the 1st batch trainees of Security Guards conducted by Bal Kalyan Sangh on at Swabhiman Kendra, Bijupara; 2nd and 3rd batch trainees of security guards and Housekeeping were awarded at Jharkhand Rai University Campus Namkum, Ranchi and Swabhiman Kendra, Bijupara respectively.
- The Swavalamban Kendra, Burmu was inaugurated by the President of NCPCR, the trainees were told that they need to be self-reliant; this training will help them to stay away from the issues such as of trafficking and migration.
- A One day group orientation was given to the Sakhi and Saheli members about Swavalamban Connect Kendra (SCK) and the toll free no. attached to it at Kishori Niketan, Bijupara.

BAL KALYAN ASHRAM

Swavalamban is a new project of Bal Kalyan Sangh (BKS) which provides livelihood training of unemployed women and vulnerable adolescent girls of Jharkhand. It provides free of cost skill development training program to the women and girls of Jharkhand in the age group of 18-35. The project gives a opportunity to the girls who want to earn and improve their livelihood. The project is mainly focused on the girls who are survivors of trafficking or any abuse; vulnerable girls or women who migrate from Jharkhand; women and girls of tribal families with no source of regular income; the tribal youths who are in search of livelihood; the girls lured into extremism etc. The age limit for enrolling into the training programme is 18 years to 35 years with the minimum qualification needed is matric pass with reading and writing in Hindi.

Goal: Strengthen the capacity of unemployed women, survivors or victim of trafficking or abuse and vulnerable poor girls in Jharkhand to improve their livelihoods and live with dignity and self-respect.

Status: Around 24 girls have been imparted with the training of Housekeeping and Security guards.

Bal Kalyan Ashram also has two very important spaces, that is, the Mushroom Laboratory and Production Unit and the Sale Centre of Bal Kalyan Ashram.

Other Activities:

We also have have mushroom production experts who prepare seeds in the laboratory and look after the entire mushroom production process. Pickles and medicines are also prepared and sold.

RESEARCH

Bal Kalyan Sangh attains to be able to see the multitude of invisible lines within the systems that hold our lives together, or divide us. We learn to recognize the disconnects, and to help our people figure out how to reconnect the dots. We view the world through a lens of person-in-environment, that is to say, we seek to understand the context in which our people live.

The social sciences have an inherent obligation not only to keep abreast of current relevant research, but also to be competent enough to apply new treatments and insights within our practice. Research helps us assess the needs and resources of people in their environments, evaluate the effectiveness of social work services in meeting people's needs, demonstrate relative costs and benefits of social work services, advance professional education in light of changing contexts for practice and understand the impact of legislation and social policy on the people and communities we serve. So, research is important to Bal Kalyan Sangh because it helps us be effective! We have emerged as an important stakeholder to conduct research studies and surveys in Jharkhand and India, below mentioned are the research studies undertaken by BKS this year.

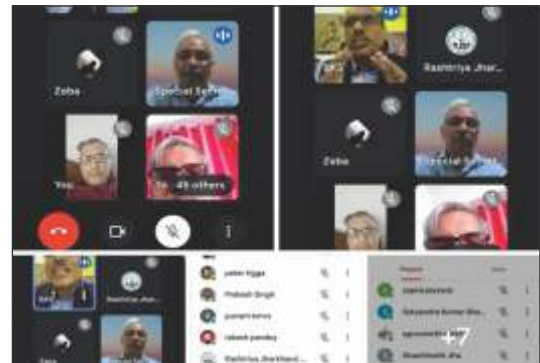

- A research study was conducted on 'How children getting exploited by using Online Platforms', the study aimed to understand the nuances of how the online platforms are being used for exploitation and various crimes against children and how it is impacting differently on children and families of different socio-economic background; overall objective of the study is to understand the situation pertaining to use of online platforms for various types of exploitation and the possible interventions to combat/prevent these exploitation.
- The National Commission for Protection of Child Rights (NCPCR) engaged Bal Kalyan Sangh to conduct a study on "**A Study on Review of Mechanism developed in States u/s 32 of RTE Act, 2009 for grievance redressal**". The study aimed to develop an understanding of the nature of Mechanism for redressal of grievances in all the 10 States (Andhra Pradesh, Bihar, Delhi, Gujarat, Maharashtra, Meghalaya, Sikkim, Karnataka, Odisha, Uttar Pradesh)

pertaining to Right to Education Act, 2009 by Quantitative and Qualitative analysis of the mechanisms developed by the States. It will include examining the nature of Complaints and its redressal process for understanding how these mechanisms helps in resolving the Child Rights issues at the earliest. As well as Examining the role of stakeholder's responsible/ accountable authorities in grievance redressal mechanism under RTE Act.

- The National Commission for Protection of Child Rights (NCPCR) awarded a study to Bal Kalyan Sangh to examine *Safety & Security of Children in Pre-metric Hostels*. This, survey was to be conducted in randomly selected hostels and it includes the observation of the Hostel with regards to the safety and Security of Children, interview with the hostel authority (warden/superintendent etc.) by the assessor and focus group discussion for children if they are available at the time or online for group discussion.
- As a part of the Samvardhan Programme, BKS in collaboration with the NCPCR conducted "A Research Study on Vulnerable Mapping of Trafficked Children and Hotspot areas (Source, Transit and Destination) in Jharkhand" to identify the vulnerable children and routes through which they are being trafficked so that we may work ahead to aware people and block the routes of traffickers to end trafficking of children. A survey was conducted and vulnerable children were identified in 6 blocks- Arki, Karra, Khunti, Murhu, Rania and Torpa of Khunti District. It was analyzed from the survey that every block has more than 600 vulnerable children whereas there were a total of 3907 vulnerable children identified all together through the collection of primary and secondary data. The maximum numbers of vulnerable children were identified from Rania. The identified children according to the data collected from these blocks were victims of Trafficking, Child Violence, Child Marriage, Child Labour, were missing, homeless, orphan, had single parent, incapable parent, seriously ill parents, are disabled, Unsafe, affected by disaster, affected by Naxal, not going to school, Child Drug addict, Malnourished, Child of drug addict Family, Child of gaming family, suffering from or suffered from Covid-19(Children returned During lockdown), Children of elderly parents, Transgender Child or have faced conviction for crime.

SUCCESS STORIES

Case Study-1

Ms. Pratima Kumari, who lived 30km far from Ranchi in a place named Burmu where Pratima lived with her family. Pratima has one brother and an elder sister in her family. Her Mother passed away when she was very small. After the incident some years later her father decided to remarry. Her brother did not except the decision and left from the home with his wife. After some time her new mother started to manipulate her father for marriage of their elder daughter. By this time Pratima was old enough to understand the situation but she cannot do anything. After marriage of her sister she had to live with her father, step mother and her half sister in the house. Pratima was mentally tortured by her step mother. After completing her Intermediate exams her step mother tried to convince her father to conduct her marriage. After which she heard about the training being conducted by BKS to improve the conditions of vulnerable community. Then she came to BKS Swabhiman Kendra and enrolled herself in the training. After completing her 3 months of house-keeping training she is now successfully placed at BKS Ranchi office at Kamre, Ranchi. She is very happy and living with a dignity and self-respect.

Case Study-2

Name – Santri Kisku

Age - 15 years

District - Pakur

Language - Santhali / Hindi

Education - Uptil Class 5

Santri Kisku, a 15 year old girl from the village Nunbada Amdapada, Police Station - Maheshpur, District - Pakur, Jharkhand. Both her parents have passed away. She used to go to school while she was in her village and studied upto Class 5. Other than Santhali language, she speaks and understands Hindi a bit. She has five siblings, out of which three are sisters and two are brothers. Her elder sister too lives in Delhi and works as a domestic help in someone's home. After the death of the parents all siblings lived along with their maternal uncle in his house. The financial condition of the house is very pathetic.

One day while she was in her maternal uncle's home, some guests came over and she knew an aunt amongst them. They said that they will find a good job for her in a house where she will not face any kind of trouble, they spent a lot of time talking to her and in the course of the conversation encouraged her and built her enthusiasm and convinced her to go to Delhi. In course of the counseling, the child told that when she lived at her maternal uncle's house, many boys followed her and they tried to gather all information about her. She said that she had no idea about why they inquired so much about her and she too cluelessly shared all her personal details with them. They laughed and spoke to her every time they crossed paths. She told how she had no idea about what the consequences and the result of all this would be.

One evening she went out for toilet purpose and close to her place was a river where 3-4 boys were already present hiding. Suddenly, all of them surrounded her and tied her hands, feet and eyes and raped her one by one. They then put her in an auto and took her to an unknown place, tied her mouth tightly so that she couldn't shout or even run away. She was very helpless. They kept her with them all night and next morning threw her in front of her house. She turned silent because of the overwhelming fear and shame within her. She started living quietly and was clueless about how to live her life further. She started to live a suffocating life. The miscreants were from around her village itself. The name of the first person was Sanjhala Koda and the names of the two were not known. Days passed by but the child did not open up about this incident to anyone because the boys threatened her saying that if she told any of this to anyone, they would kill her and her family.

Santri, during her first sessions of counseling felt uncomfortable in expressing and sharing her story. The aunt who had come to her maternal uncle's house spoke to her in private to see why she turned so silent and the child shared everything that happened with her. The aunt here took advantage of and persuaded her to go to Delhi. Without understanding her ill-intentions she agreed to go to Delhi. Her aunt soon first got her to Ranchi by train and later sent to New Delhi by flight with another man. This man too raped her. A few days later, she was put to work in someone's house in Delhi itself, where she was supposed to do the household chores. She was beaten and abused by the family where she worked. They treated her very inhumanly. The son of the landlady too physically and sexually assaulted her and when Santri complained to the lady the son instead put all the blame on Santri itself and she would be beaten up again. After all the continuous mistreatment that she

kept receiving for so long she finally looked for a chance and eloped from the home. She was kept in Nari Niketan by Delhi Police and Child Welfare Committee, Delhi. She was then brought back to Ranchi by the BKS IRRC (Integrated Rehabilitation cum Resource Centre) team where she was presented before the Child Welfare Committee on 17.02.2020. The Child Welfare Committee Ranchi, issued an order to be keep the child in Premashraya, Ranchi. She was brought back to Ranchi and produced before Child Welfare Committee, Ranchi. Her stay order was issued for Premashray Ranchi and from there she was rehabilitated home, Santri is now happy and wants to continue to study with her siblings.

Case Study-4

Name: Domna Mahato

Age: 14

Language: Sign

Address: Village-Mishribeda, District-Saraikela, Jharkhand

Date of Admission: 09/11/2019

The child was handicapped in the leg and dumb. He used to live with his parents and two sisters in the village. He used to study in his own village. One day the child was travelling along with his friends to Jamshedpur for a trip from where he got lost, he was caught by the Police in Tatanagar Railway Station. He was then produced before the Child Welfare Committee of East Singhbhum and thereafter kept in a home for a few days. However after a few days even after continuous efforts the child's parents and guardians could not be tracked so then the child was sent to Balkunj Boy's Home Chaibasa so that the child can be provided with shelter and also linked to educational amenities. The child was admitted to a school named Mukbadheer School where he went for three months, but then due to the outbreak of the Covid-19 Pandemic the child had to stay back at the shelter home as per the CWC's order as schools were shut down. The child however wanted to return back home, he was looking forward to unite with his parents and his siblings. Balkunj made continuous efforts to track the parents, coordination was maintained with the district administration, the child's details were also updated in the Track the Missing Child Portal, as soon as this was done the child's home and family was traced. Information was given to the Child Welfare Committee on whose directions the guardians of the child were called and the child was handed over to them on the 5th of January, 2021. The child was immensely happy to be back home with his parents and family.
