STORY OF CHANGE

Case Study: Putul's Journey to Self-Reliance through BKS Swavalamban Programme

Putul (name changed) a young girl from a financially struggling family, found herself at a crossroad where she had to make a decision to migrate to a metropolitan city for work like many other girls in her village. However, when she learned about the BKS Swavalamban programme, she saw an opportunity to change her fate without leaving her home state. With a strong sense of responsibility as the eldest sibling, Putul decided to enroll in the programme to acquire training in security guarding and digital literacy. By choosing to participate in the programme, she is not only gaining valuable skills but also paving the way towards self-reliance and a brighter future for herself and her family.

Putul's determination to break the cycle of vulnerability and poverty in her family is commendable. Through the support and training provided by BKS Swavalamban, she is taking proactive steps towards creating a better life for herself and setting an example for her siblings to follow. Putul's story is a testament to the transformative power of empowerment programmes like BKS Swavalamban, which not only equip individuals with skills but also instill confidence and agency to take control of their future. Her journey is a reminder that with perseverance and the right support, anyone can overcome challenges and emerge stronger and more self-reliant.

MESSAGE

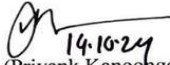

I, on behalf of the Commission, heartily convey my congratulations and acknowledge the work done by the team of Bal Kalyan Sangh (BKS) in the field of Child Rights, on the occasion of publication of its annual report for the year 2024-25.

I acknowledge the team of IGEP for rendering necessary support to the Bal Kalyan Sangh in ensuring the implementation of various child protection initiatives through community engagement and to strengthen the child protection mechanisms in the eastern region of India, particularly in Jharkhand.

I also extend my gratitude to Smt. Annpurna Devi, Hon'ble Cabinet Minister, Women & Child Development and the District Administration, Koderma for their support in aligning various government initiatives & schemes related to Child Rights to the beneficiaries in the best interest of the children.

I expect that the organization shall continue their sincere and dedicated efforts to protect and empower vulnerable children across the region, and keep setting new standards of excellence in the field of child welfare.

Message from Mr Mukesh Kumar IAS, Secretary, Department of Labour, Employment, Skill Development and Training, Government of Jharkhand

Dear Readers,

It gives me great pleasure to extend my best wishes to Bal Kalyan Sangh (BKS) as it continues its dedicated efforts in child protection.

The organisation's work in combating child labour, trafficking, and unsafe migration, especially among vulnerable adolescent girls, is commendable and aligns closely with the government's vision for creating a safer and more just society for children.

BKS's initiatives to strengthen families, link vulnerable populations to social security schemes, and empower youth leaders play a pivotal role in addressing the root causes of these challenges.

I particularly appreciate BKS's commitment to collaborating with various stakeholders and government bodies in ensuring the protection of children's rights.

As the organization celebrates another year of impactful work, I encourage BKS to continue its mission with the same passion and dedication. I look forward to seeing how the programs evolve to bring positive changes in the lives of marginalized children and their communities. Together, we can work towards a future where every child enjoys their right to education, safety, and dignity.

I wish Bal Kalyan Sangh success in all its future endeavors.

Mr Mukesh Kumar, IAS
Secretary, Department of Labour, Employment, Skill Development and Training
Government of Jharkhand

Message from Ms Sameera IAS, Director-cum-Member Secretary, Jharkhand State Children Protection Society, Government of Jharkhand

Dear Readers

I am pleased to extend my warmest greetings to all of you as you review the annual report for the year 2024-25 of Bal Kalyan Sangh. The work that the organisation has been doing to support and protect children in our society is truly commendable.

BKS comprehensive efforts in areas such as child protection, family strengthening, and economic empowerment—especially for marginalized and at-risk children—are instrumental in building a future where every child can grow up in a safe, supportive environment.

I would like to extend my heartfelt congratulations to the entire team at Bal Kalyan Sangh for their exceptional dedication and hard work over the past year. Your efforts have not only transformed the lives of countless children but have also strengthened communities and instilled hope for a better future. The progress made through your programs and initiatives is a reflection of your deep commitment to creating lasting, positive change in society.

As we look toward the future, I am confident that our collaboration will continue to grow stronger. Together, we can work to ensure that every child in Jharkhand—and across the nation—enjoys the fundamental rights of protection, education, and a nurturing environment.

Thank you for your tireless efforts, your unwavering dedication, and the profound impact you continue to make in the lives of so many.

Warm regards,

Ms Sameera S, IAS
Director, Jharkhand State Children Protection Society
Government of Jharkhand

Dear Readers,

I am pleased to present to you the annual report for Bal Kalyan Sangh for the fiscal year 2023-24. This has been a year of tremendous growth and impact for our organization as we continue to work towards our mission of ensuring the protection and well-being of every child. One of the key focus areas of our work this year has been on child protection and trafficking. As we all know, children are the most vulnerable members of our society and are often subjected to various forms of abuse and exploitation. Through our various programs and initiatives, we have been able to reach out to hundreds of children and provide them with the necessary support and assistance to protect them from harm. Our efforts in the area of child trafficking have been particularly commendable. We have worked closely with government authorities, law enforcement agencies, and other stakeholders to identify and rescue children who have been trafficked and bring the perpetrators to justice. Our advocacy efforts have also resulted in the implementation of stricter laws and regulations to prevent child related atrocities and ensure the safety of every child.

I am proud to say that our teams of dedicated staff and volunteers have worked tirelessly to make a difference in the lives of these children. Their commitment and passion have been instrumental in achieving our goals and making a positive impact in the community.

I would like to take this opportunity to express my deepest gratitude to all our members, donors, partners, and supporters for their unwavering support and belief in our cause. It is because of your generosity and commitment that we are able to continue our vital work and make a significant difference in the lives of so many children

As we look towards the future, I am confident that with your continued support, we will be able to reach even more children in need and create a safer and more secure environment for all children. Together, we can make a difference and ensure that every child is given the opportunity to thrive and reach their full potential.

Thank you once again for your unwavering support and dedication to Bal Kalyan Sangh's vision.

Sincerely

Sanjay Kumar Mishra

KEY HIGHLIGHTS 2023-24

Beneficiaries Reached - **11200**

Girls Enrolled in Training Program - **60**

Children Reached - **5124**

Government Stakeholders across different states reached - **1151**

In the year 2023-24, Bal Kalyan Sangh has been at the forefront of research advocacy, particularly in the areas of child protection mechanisms and combating trafficking issues in Jharkhand. Our efforts have extended to reaching out to various government stakeholders, as well as raising awareness on cross-border trafficking in Bihar and Jharkhand.

Additionally, we have been entrusted to organize the C20 meeting on Gender Equality and Disability in East India, a testament to our commitment to promoting social inclusion and gender equality. Through our networks and partnerships in **Uttar Pradesh, Orissa, Bihar, and Jharkhand**, we have strived to make a lasting impact within the communities we serve. In collaboration with local NGOs and government agencies, Bal Kalyan Sangh has been able to establish community-based support systems that prevent exploitation and abuse. Our comprehensive approach to addressing trafficking issues includes awareness campaigns, rescue operations, rehabilitation programs, and legal advocacy to hold perpetrators accountable.

Moving forward, we are committed to continuing our advocacy efforts and expanding our reach to more communities in need. We believe that by working together with like-minded organizations and individuals, we can create a safer and more inclusive society for all.

CASE STORY

"Collaborative Efforts Secure Education for Siblings in Rural Jharkhand"

Mannu (Name Changed), an 11-year-old girl, and Sangita (Name Changed), a 9-year-old girl, faced immense hardship after losing their parents at a tender age in Dighi Village, located in the Patamda block of East Singhbhum district, Jharkhand. As orphans, they struggled to access their fundamental right to education and secure a formal schooling opportunity. Their plight came to light during a vulnerable mapping exercise conducted by Bal Kalyan Sangh, with the support of the National Commission for Protection of Child Rights (NCPCR), the East Singhbhum district administration, and The Asia Foundation, the exercise aimed to

identify and assist children in vulnerable situations.

Upon discovering Mannu and Sangita's circumstances, the collaborative effort swiftly intervened, linking the orphaned sisters to sponsorship schemes. These schemes provide financial assistance and facilitate their enrollment in formal schools, ensuring they can continue their education without further disruption.

Thanks to the concerted efforts of the various stakeholders, Mannu and Sangita now have the opportunity to attend school regularly, receive quality education, and pave the way for a brighter future. This case highlights the importance of collaborative efforts between government agencies, non-profit organizations, and international development partners in addressing the challenges faced by vulnerable children, particularly in remote and underprivileged areas. By securing access to education for Mannu and Sangita, this initiative not only upholds their fundamental rights but also empowers them to break the cycle of poverty and build a better life for themselves. It serves as a testament to the transformative power of education and the collective responsibility of society to protect and nurture its most vulnerable members.

Prevention of Cross-Border Trafficking in Bihar and Jharkhand

The issue of human trafficking and sexual exploitation has a deep-rooted history, reaching a global scale with profound consequences. This problem transcends specific countries or regions; instead, it has become a pressing concern worldwide. Recent research reveals a disturbing reality: over a million children are trafficked annually for the sex trade, and in Asia alone, more than a million women and girls are victims of the sex industry. Beyond its immediate impact, this issue is intricately linked to fatal health problems such as HIV/AIDS, now a global pandemic. While the scale of the problem is indeed alarming, it is equally disheartening to witness the growth of human trafficking and the sex trade into lucrative global industries. These industries exploit vulnerable individuals, perpetuating immense human suffering. Shockingly, estimates suggest that between 12,000 to 15,000 girls aged 6 to 16 are trafficked annually from India to Nepal. The current situation is particularly dire concerning human trafficking along the Indo-Nepal border, especially in the border areas of Bihar. The Cross-Border Trafficking Workshop was a comprehensive event designed to address the multifaceted issue of human trafficking across the Indo-Nepal border.

ARARIA, BIHAR

District level Consultation Workshop on “Cross Border Trafficking Prevention” in Bihar - Supported by The Asia Foundation

In a significant step towards addressing the critical issue of cross-border trafficking, a District Level Workshop on Cross-Border Trafficking was organized in Araria, Bihar. This initiative was undertaken by ATSEC (Action against Trafficking and Sexual Exploitation of Children), the Bihar and Jharkhand chapter dedicated to combating child trafficking and exploitation.

The primary objective of the consultation was twofold: to identify the root causes of cross-border trafficking in the region and to develop effective prevention mechanisms tailored to the local context. By bringing together stakeholders from various sectors, the workshop aimed to foster a collaborative approach in tackling this complex challenge.

Participants in the workshop included representatives from law enforcement agencies, local government officials, civil society organizations, and community leaders. The discussions focused on understanding the underlying factors that contribute to cross-border trafficking, such as poverty, lack of economic opportunities, and societal norms that perpetuate vulnerability.

Through comprehensive deliberations, the workshop sought to devise strategies to address these root causes, emphasizing the need for a multi-pronged approach encompassing awareness campaigns, community engagement, and economic empowerment initiatives. Additionally, the importance of strengthening cross-border cooperation and intelligence sharing among law enforcement agencies was underscored.

SUPAUL, BIHAR

District level Consultation Workshop on “Cross Border Trafficking Prevention” in Bihar - Supported by The Asia Foundation

The Cross-Border Trafficking Workshop addressed the critical issue of human trafficking and sexual exploitation, acknowledging its global impact and profound consequences. The workshop, focusing on the Indo-Nepal border, brought together a diverse group of stakeholders to create a coordinated front against cross-border trafficking.

The primary objective was to establish a resilient and coordinated approach to eradicate cross-border trafficking in the Indo-Bihar Nepal Borders region. The workshop aimed to formulate actionable strategies tailored to the geographical context through active participant involvement.

Several critical discussion points emerged, including the vital role of Sashastra Seema Bal (SSB), the increasing use of cybercrime in trafficking, the importance of public awareness and online platforms, comprehensive victim protection and support, the need for preventive measures, and anticipation of future trends and challenges. The workshop generated key recommendations, emphasizing intensive efforts at the local level, targeted advocacy with government stakeholders, enhanced collaboration among cross-border entities, victim-centric approaches, community engagement programs, and the establishment of a robust monitoring and evaluation system. In conclusion, the workshop not only illuminated the challenges but paved the way for actionable strategies and collaborations.

PATNA, BIHAR

State level Consultation Workshop on “Cross Border Trafficking Prevention” in Bihar - Supported by The Asia Foundation

A workshop was organized to bring together various stakeholders and experts to address the pressing issues of human trafficking and cyber crime in Patna, Bihar. The event served as a platform for in-depth discussions, sharing alarming statistics, and gaining diverse perspectives on these challenges. The overarching goal was to develop a comprehensive action plan to tackle these crimes effectively, with a particular emphasis on protecting women and children, who are often the most vulnerable populations. Recognizing the need for coordinated efforts, recommendations were made to strengthen Anti-Trafficking Clubs by increasing membership, providing regular training, and allocating resources to empower members to identify, prevent, and assist in rescue operations related to trafficking. Additionally, participants advocated for the establishment of a dedicated Child Commission in Bihar to address the unique needs and challenges faced by children affected by trafficking, ensuring their rights and welfare are protected. To ensure a comprehensive approach, fostering partnerships and collaborations between the Sashastra Seema Bal (SSB), non-governmental organizations (NGOs), and other stakeholders was deemed crucial. Prioritizing the development and improvement of rehabilitation and support services for survivors of trafficking was also highlighted, with a focus on long-term reintegration into society through skills training and psychosocial support.

Furthermore, implementing awareness campaigns and educational initiatives targeting schools, colleges, and communities was recommended to raise awareness about the realities of human trafficking and cyber crime, with a particular emphasis on vulnerable populations such as women and children. Specific action points included developing comprehensive training programs for Anti-Trafficking club members, organizing awareness campaigns, advocating for resource allocation towards rehabilitation programs, lobbying for the establishment of a Child Commission in Bihar, strengthening collaboration between law enforcement agencies, NGOs, and stakeholders, conducting research and analysis on emerging cyber crime trends, advocating for the implementation and enforcement of Acts such as the Juvenile Justice (JJ) Act, and establishing a dedicated helpline or hotline for reporting suspected trafficking cases and cyber crime incidents.

Through this collaborative effort, involving various stakeholders and implementing targeted recommendations and action points, the workshop aimed to combat human trafficking and cyber crime effectively, ensuring the safety and well-being of vulnerable populations, particularly women and children.

Ms. Suchita Chaturvedi, a member of the UP State Commission for Protection of Child Rights (UPSCPCR), was present at the meeting. The meeting was coordinated by Bal Kalyan Sangh. Participants discussed various issues related to gender equality and disability, aiming to create awareness and promote inclusivity and equality for all individuals. During the meeting, participants highlighted the need for stronger policy frameworks and implementation strategies to ensure the rights and welfare of individuals with disabilities, especially women and children. They emphasized the importance of creating an inclusive society where everyone is treated with dignity and respect. The participants also discussed the role of education in promoting gender equality and empowering individuals with disabilities to lead independent and fulfilling lives. They emphasized the importance of providing quality education and vocational training programs that cater to the unique needs and abilities of individuals with disabilities.

State Level Consultation on Gender Equality and Disability was organised under C20 G20 India Programme on Gender & Disability at Bhubaneswar by Bal Kalyan Sangh (BKS), Ranchi, in collaboration with People's Cultural Centre (PECUC), Bhubaneswar with Support from Asia Foundation on 20th May 2023. 74 participants including CSOs, academicians, representatives of electronic & print media from different districts of Odisha participated in this consultation. Women with disabilities face numerous barriers such as ableism, poverty, employment, housing, education, and healthcare, with poorer outcomes in regional and remote areas. It is crucial to fund independent disability advocacy groups to work collaboratively with the government and ensure all individuals are connected to services. Society must be inclusive, free of discrimination, and promote active participation and choice for women with disabilities.

The National Strategy must be co-designed with input from women with disabilities, and action must be coordinated across government programs. Training on awareness and inclusion should be mandatory and standardized, with a gendered and intersectional approach in all areas. Non-government organisations with proven outcomes should receive block funding, and services need to be more accessible for all women with disabilities. People with disabilities should have the freedom to choose their services and settings.

State Level Consultation on Gender Equality and Disability was organised under C20 G20 India Programme on Gender & Disability at, Patna Bihar by Bal Kalyan Sangh (BKS), Ranchi, in collaboration with Jan Jagran Sansthan Bihar. CSOs, community media, and governments play crucial roles in promoting the inclusion, rights, and empowerment of vulnerable and marginalized groups like women, disabled persons, and the transgender community. Capacity building initiatives by CSOs are vital for developing decision-making skills in these groups, while governments must ensure basic necessities are provided equitably and justly, along with strengthening safety mechanisms for vulnerable families. Collaborative efforts between CSOs and governments should strategize for overall development. Despite rescue efforts, child rights violations like child labor persist in Bihar, necessitating skill development for rescued children to prevent re-victimization. Education is key, requiring addressing systemic gaps, promoting girls' education, and providing quality, accessible education for disabled children. Equal participation of women at the community level and proper implementation of women empowerment programs should be ensured, prioritizing skill development under the "One Nation, One Family, One Future" theme. Gender-centric programs with separate budgets for gender equality and SMART monitoring are needed. For the upliftment of disabled persons, disability centers, shelters, infrastructure accessibility, increased employment reservations, revised disability pensions, and RTE provisions should be implemented. Strong women's safety measures are crucial in Bihar.

The Bal Kalyan Sangh organized State Consultations in four states and a Regional Consultation in Ranchi focusing on gender equality and disability issues. The discussions resulted in the creation of a policy pack and recommendations which were presented to the C20 India. The recommendations were later presented at the G20 India meeting for further discussion and action.

This consultation brought together representatives from various states, including Uttar Pradesh, Odisha, Bihar, Jharkhand, West Bengal, and Chhattisgarh, who shared their best practices and experiences in addressing issues related to gender equality and disability. It is recommended that Gender policies must be adopted by every organization to promote equitable employment opportunities for men and women. Adolescent youth, women, young couples, Panchayat functionaries, teachers, GP CPC, SMC Members, ASHA, and AWW women should be trained thoroughly in Gender equality and disability inclusion. They play a crucial role in promoting gender equality and disability inclusion practices within their communities.

HUMAN TRAFFICKING IN JHARKHAND

The findings and insights from extensive research endeavor have been meticulously compiled into a comprehensive book. This seminal work was formally presented to His Excellency **Shri CP Radhakrishnan, the Honorable Governor of Jharkhand**, by Shri Sanjay Kumar Mishra, the Secretary of Bal Kalyan Sangh, accompanied by the esteemed research team from the organization.

Bal Kalyan Sangh has conducted a comprehensive research study on human trafficking in Jharkhand. This study was carried out in collaboration with Dr. Ram Dayal Tribal Research Institute, GoJ.

The research study delves into various aspects of human trafficking in the state of Jharkhand. It aims to provide an in-depth understanding of the prevalence, patterns, and contributing factors of this heinous crime. By examining different dimensions of human trafficking, the study seeks to shed light on the challenges faced by victims, the mechanisms used by traffickers, and the socio-economic factors that perpetuate this issue.

The program is being implemented across 14 villages within 2 Gram Panchayats (rural local self-government bodies) in the Murhu block of Khunti district, Jharkhand. This targeted approach will enable a concentrated effort to address child protection concerns in these specific communities. By fostering a community-driven approach, this program aims to create a sustainable and inclusive child protection system that empowers children, engages community members, and addresses the root causes of child rights violations. Through collective action and capacity building, the program strives to create a safer and more nurturing environment for all children in the targeted villages of Murhu block, Khunti district, Jharkhand.

This community-based approach recognizes the importance of collective action, local ownership, and a holistic strategy to address the multifaceted issues affecting children in the region. By implementing this program, Bal Kalyan Sangh is taking a significant step towards creating a protective and nurturing environment for children to thrive.

Capacity-building initiatives have been undertaken to train youth and villagers residing in the target areas.

The SAMVARDHAN program, supported by the National Commission for the Protection of Child Rights (NCPCR), in the East Singhbhum district to address the issue of vulnerable families and children at risk of being separated. Taking it forward using the Thrive Scale Methodology of Miracle Foundation India to identify these vulnerable families and children. The program aims to provide support to 1,000 such families across three selected blocks in the district, where children face the risk of separation from their families. Additionally, the program will facilitate the transition of children from all Child Care Institutions (CCIs) in the Kolhan region, which includes East Singhbhum, West Singhbhum, and Saraikela Kharsawan districts, back to their families. The program is focused on strengthening family support systems and preventing family separation, ultimately aiming to improve the well-being and stability of children in the region. Through this collaborative effort involving various stakeholders, the program seeks to address the issue of children at risk of being separated from their families by providing support to vulnerable families and facilitating the reintegration of children from CCIs into their families, thereby promoting child welfare and family preservation in the targeted areas.

Supported by -Department of Women, Child Development & Social Security,
Government of Jharkhand

Chaibasa, West Singhbhum

Balkunj is a Child Care Institution run by BKS in West Singhbhum (Chaibasa) for boys aged 6 to 18 years. Established in September 2016, it caters to children who are missing, homeless, or rescued. The institution provides shelter, food, counseling, education, and life skills training to 41 children. With the support of the district administration, efforts are being made to reintegrate the children with their families.

Balkunj also focuses on the overall development of the children by organizing various recreational and educational activities such as sports tournaments, cultural events, and workshops. The institution aims to create a safe and nurturing environment for the children, where they can heal from their past experiences and build a brighter future for themselves. In addition to providing basic necessities and education, Balkunj also offers vocational training programs to equip the children with essential skills that will help them become self-reliant in the future. The staffs at Balkunj are dedicated to providing love, care, and support to the children, helping them overcome their past experiences and develop into confident and capable individuals.

From April 2024 to August 31, 2024

Bal Kalyan Sangh (BKS), runs

Childline 1098 in Dhanbad, received a total of 164 calls, addressing a variety of child protection issues, including child labor, trafficking, and abuse. During this period, BKS actively engaged in several initiatives aimed at safeguarding children's rights and well-being. This included collaborative meetings with Anganwadi workers to reinforce grassroots child protection mechanisms, discussing early childhood care, child nutrition, and the role of these workers in reporting cases to Childline. The organization also hosted open house programs, providing a platform for children and community members to express their

concerns and participate in dialogues surrounding child protection and safety. In addition to these engagements, BKS carried out extensive awareness campaigns focused on educating communities about child rights, child marriage, child labor, and trafficking. Utilising posters, pamphlets, and other IEC materials, the campaigns ensured effective outreach to marginalised groups. BKS also conducted regular Panchayati Raj Institution (PRI) meetings to inform and train local leaders about their crucial roles in child protection, fostering the formation of village-level child protection committees. Rescue and rehabilitation efforts remained a cornerstone of BKS's work, with numerous children being successfully rescued from harmful situations and

provided with psychosocial support, counseling, and access to government welfare schemes. The organization further enhanced awareness through cultural and interactive programs like street plays (nukkad natak), performed in local markets, villages, and urban slums.

From Shadows to Security: Mansi's Journey for Respect and Self-Reliance.

Mansi's (name changed) story unfolds as a testament to resilience and the transformative power of opportunity. A vibrant student of class 12th, Mansi once filled her days with the excitement of football and the fascination of geography, Hindi, and history. Her cheerful spirit seemed unbreakable, until poverty opened the door to exploitation. Mansi's family struggled at the lower rungs of society. Her father, a farmer, and her mother, a laborer, toiled to support their children. With two elder brothers without income and a younger sibling to care for, the weight of financial burden hung

heavy over their household. It was in this vulnerable state that an agent approached Mansi with a glimmer of hope - a job opportunity in Ranchi. The promise of financial support for her parents and younger brother was too enticing to ignore. Little did she know, this decision would lead her through what she later described as "the doors of hell." The job in Ranchi revealed itself to be a trap. As a house help, Mansi found herself working 12-14 hour days for meager, if any, pay. Beyond the exhausting work, she endured ill-treatment and abuse from her employers, stripping away her dignity and spirit. Despite the hardships, Mansi's inner strength prevailed. She made the courageous decision to return home. This wasn't a retreat, but a resolve to find a path that would provide both financial stability and restore her sense of self-worth. Through awareness she got introduced herself to the security guard training program, opening a new chapter in her life. *"It is a great place to be. The environment and the people make you feel safe. The training has changed my life, and now I can proudly say I can earn for my family with a job that has dignity and respect."* For Mansi, the security guard training represents more than just a job opportunity. It's a chance to rewrite her story, to transform from a victim of circumstance to a strong, independent woman.

Research study on “Review Of Mechanism Developed In Status U/S 32 Of The RTE Act in 10 states of India under the guidance of NCPCR” (National Commission for the Protection of Child Rights)

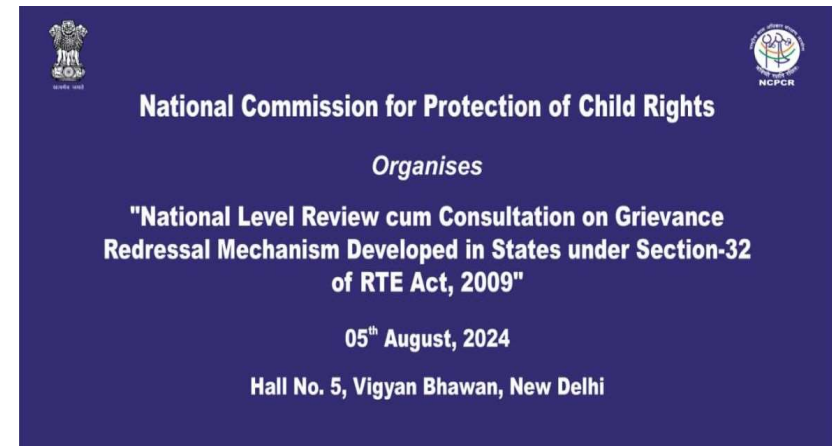

Supported by - National Commission for the Protection of Child Rights

Background: Section 32 of the Right to Education (RTE) Act, 2009, outlines the grievance redressal mechanism for addressing violations of the rights provided under the Act. It allows any child or their parent or guardian to file a complaint if they believe a right has been violated. The first level of redressal is through the local authority, which is responsible for investigating and addressing the complaint. If the issue remains unresolved, the complainant can escalate the matter to the State Commission for Protection of Child Rights (SCPCR) or the National Commission for Protection of Child Rights (NCPCR). Both the local authority and SCPCR/NCPCR are required to resolve complaints within a stipulated time frame. This system ensures that no child is denied their right to education due to systemic failures.

Bal Kalyan Sangh, under the guidance of the National Commission for Protection of Child Rights (NCPCR), conducted a study on grievance redressal mechanisms across 10 states, including Andhra Pradesh, Jharkhand, Karnataka, Maharashtra, Meghalaya, Madhya Pradesh, Odisha, Sikkim, Uttar Pradesh, and Uttarakhand. As part of this initiative, NCPCR organized a consultation meeting with relevant stakeholders on 5th August 2024 to discuss findings and address key issues related to the grievance redressal system.

Bal Kalyan Sangh Vision 2030

Vision Statement

Bal Kalyan Sangh envisions a transformative future by 2030 where every vulnerable child thrives within a supported family environment. Our comprehensive approach interweaves family strengthening with child protection, creating resilient communities where children can reach their full potential. Through strategic initiatives targeting cyber safety, child labour elimination, climate resilience, and integrated development, we aim to impact over 50,000 children and their families.

In response to the growing threat of cyber-enabled trafficking, Bal Kalyan Sangh commits to implementing a comprehensive prevention framework that combines technological innovation, community vigilance, and family empowerment to protect vulnerable children in the digital age.

Strategic Pillars

1. Family-Centric Protection: Integrating cyber-safety initiatives with family awareness, reaching 1000+ communities through cyber-safety ambassadors and creating family-oriented reporting mechanisms for trafficking prevention.
2. Economic Resilience: Transforming 1000+ communities into child-labor-free zones by strengthening family economies, ensuring 100% school enrollment, and enabling 10,000 families with sustainable livelihoods.
3. Environmental Sustainability: Building 500 climate-smart communities where families and children have access to clean water, climate education, and disaster preparedness training.
4. Holistic Family Development: Achieving 95% immunization rates and reducing malnutrition by 75% through integrated family health initiatives and personalised development tracking.

By 2030, Bal Kalyan Sangh commits to creating an ecosystem where strong families nurture protected, healthy, and empowered children, building a foundation for generational change.

Bal Kalyan Sangh's Vision 2030 confronts the growing challenge of cyber-enabled trafficking through a comprehensive protective framework. Understanding that digital exploitation targets vulnerable children through social media and online platforms, our strategy rests on four pillars: Digital Safety Education, Family Strengthening Initiatives, Community Protection Networks, and Technology-Based Solutions. By 2030, we aim to reduce cyber-trafficking by 80%, educate 100,000 families, and establish 500 community networks. Through sustainable partnerships and continuous capacity building, we envision communities where children navigate the digital world safely, supported by empowered families and vigilant community systems.

पोष में कहा कि पढ़ाई बच्चों के लिए बहुत अनिवार्य है। आज मैं इस ग्राम में आकर काफ़ी गोवावतिया महसूस कर रहा हूँ। क्योंकि मैंने भी अपने स्कूली जीवन काफ़ी संघर्ष के साथ बिताया था। कार्यक्रम का संचालन सुनील कुमार गुप्ता, राज्य परियोजना समन्वयक एवं धनबाद ज्ञान महोत्सव अंसेरी ने किया। कार्यक्रम में बाल अधिकार संरक्षण के क्षेत्र में बेहतर कार्य करने वाले बच्चों को प्रशस्ति पत्र एवं स्मृति चिन्ह देकर सम्मानित किया गया। इस दौरान बच्चों ने पेंटिंग के अलावे अन्य कई प्रकार के सांस्कृतिक कार्यक्रम भी प्रस्तुत किए।

पिताता है कि बाल श्रम एक गंभीर समस्या है। जो हमारे समाज के मूल्यों को प्रभावित करता है। हमारे बच्चों, जो हमारे देश का परिचय हैं, उन्हें शिक्षा, खेल और स्वच्छ बचपन का अधिकार है। बाल श्रम उनके इन मौलिक अधिकारों का हनन करता है। इस अवसर पर, मैं यह कहना चाहता हूँ कि बाल श्रम को समाप्त करने के लिए हम सभी का सहयोग और संयुक्त प्रयास अत्यंत आवश्यक है। हमें यह सुनिश्चित करना होगा कि हर बच्चा सुरक्षित वातावरण में पले-वढ़े और उसे अपनी क्षमताओं को विकसित करने का पूरा अवसर मिले। श्रम निवोजन एवं प्रशिक्षण विभाग, झारखंड इस दिशा में लगातार प्रयासरत है। हमने कई नीतियों और योजनाएँ लागू की हैं, जिनका उद्देश्य बाल श्रम को समाप्त करना और बच्चों को शिक्षा एवं स्वस्थ सेवाओं की ओर आकर्षित करना है। लेकिन यह कार्य केवल सरकारी प्रयासों से संभव नहीं है। इसमें समाज के हर वर्ग का सहयोग आवश्यक है। मुझे खुशी है कि इस कार्यक्रम में शिक्षा विभाग, अपराध अनुसंधान विभाग, और सरकारी संस्थाओं के प्रतिनिधि, बाल कल्याण समिति के पदाधिकारियों के साथ चार्टर्ड मैग्जिन, सभी उपस्थित हैं। आप सभी का सहयोग और भागीदारी इस लड़ाई में अत्यंत महत्वपूर्ण है। विभागाध्यक्ष सचिव मुखेश कुमार ने अपने संबोधन में कहा बाल कल्याण संसद के द्वारा बाल श्रम उन्मूलन के लिए किए जा रहे प्रयासों की सराहना की और इस दिशा में और अधिक ठोस कदम उठाने की आवश्यकता पर बल दिया। उन्होंने कहा, बाल श्रम के उन्मूलन के लिए सभी हिस्सेधारकों का सहयोग आवश्यक है।
